## Cybersafety Presentation - Tuesday 15<sup>th</sup> November at 2:45pm Helping Wandin Yallock become eSmart

Dear Wandin Yallock Community,

Young people today are immersed in digital technologies. They use the internet and mobile phones to socialise, study, exchange ideas and play. While online activity has many benefits, there are also risks.

To help your children stay safe online, Wandin Yallock Primary School has had an extensive focus on Cybersafety in all classes this term. As a result of this learning, students have decided to host a Cybersafety information session for the whole school community to attend. It is designed to enable all students, parents and the school community to understand the need to be safe and responsible users of technology, develop a common understanding of rules and expectations and for parents to become aware of the important role they can play in assisting their children to become "eSmart".

Students will explore issues including;

- How to stay safe when using digital technologies
- Potential risks for children online
- What we can do if we or someone we know, is cyberbullied or feel uncomfortable online

Wandin Yallock students from Foundation to Grade 6 will be presenting the information session and we encourage you and your family and friends to attend. Student work will also be on display, giving all students the chance to share their learning.

Wandin Yallock is committed to helping all students develop appropriate behaviours when using digital technologies, both at school and home.

We hope to see you all on Tuesday 15<sup>th</sup> November at 2:45pm in the multi-purpose room for an informative presentation about on issue affecting us all.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Ethan Shaw', with a long, sweeping underline.

Ethan Shaw - on behalf of all Wandin Yallock staff and students
